Now produced and shown to me and marked collectively "DW-2" are true and correct copies of the Order of Justice Mullins dated 25 October 2012, the Order of Justice Douglas dated 12 June 2013, the Order of Justice Dalton dated 28 November 2013, the Order of Justice P Lyons dated 3 June 2014 and the Order of Justice Martin dated 5 March 2015.
12. In support of this application, I have set out in this affidavit the background to my appointment, as well as details of the tasks that I have undertaken (both in the course of the receivership and as the person responsible for ensuring that the EIF is wound up in accordance with its constitution) for the relevant period, and an explanation as to why these said tasks were necessary.
13. Throughout this affidavit, where I refer to "my role", I am referring to my role as receiver of the property of the EIF and as the person appointed under section 601NF(1) of the Act as the person responsible for ensuring the EIF is wound up in accordance with its constitution.

Background - Summary of the Responsible Entity and the Funds

Equititrust Limited

14. Equititrust Limited ACN 061 383 944 (In Liquidation) (Receivers and Managers Appointed) (EL) is the Responsible Entity (RE) of the Funds.
15. EL holds an Australian Financial Services Licence (AFSL) to operate the EIF, EPCIF and EPF. On or about 9 December 2011, I became aware that the Australian Securities and Investments Commission (ASIC) suspended EL's AFSL on 7 December 2011. However, that suspension does not prevent EL from providing financial services that are reasonably necessary for, or incidental to, the winding up of the Funds, or are reasonably necessary for, or incidental to, the orderly winding up of the Equititrust Premium Fund.
16. The directors of EL are David Hickie, Mark McIvor and Ross James Honeyman.

The EIF

17. The EIF is a first mortgage fund, meaning that EL as RE of the EIF pooled investors' funds and loaned them to third parties. Usually EL as RE of the EIF took first mortgages over real property as security for these loans.
18. There are approximately 1,600 investors in the EIF. As at the date of my appointment, the written down balance of the 29 loans that remained outstanding was \$127 million (that is, the written down value of the loans after provisions for loss). As at 31 January 2015, I had caused all

Signed: 

Taken by: 

loans that remained outstanding to be written down to a balance of nil, as I had formed the view that the borrowers would not repay these loans.

19. The EIF had provided the majority of these 29 loans in relation to the acquisition and/or development of residential land in Queensland, New South Wales and South Australia, although two of these loans also had trading businesses associated with them.
20. Upon my appointment I became aware that only one loan for approximately \$300,000 was being serviced by the borrower. The remainder of the loans had been in default for some time.
21. Now produced and shown to me and marked "DW-3" is a true and correct copy of the Consolidated Constitution for the EIF dated 3 June 2011 that I obtained following my appointment.
22. Upon my appointment, I became aware from the books and records of the EIF that:
 - (a) the EIF had been a 'frozen fund' since October 2008, in that no redemptions of units by investors had been permitted since then; and
 - (b) the EIF had ceased making distribution payments to investors in February 2011.

The EPCIF

23. The EPCIF has five members. Those investors invested a total amount of \$4.6 million. Its only asset is units it holds in the Equititrust Premium Fund. My investigations reveal that the anticipated current value of this asset is nil.
24. Now produced and shown to me and marked "DW-4" is a true and correct copy of the replacement constitution for the EPCIF dated 30 November 2010 and Deed Poll dated 13 December 2010 (which varies the constitution) that I obtained following my appointment.
25. Given the EPCIF has only five members and relatively minimal assets, the majority of my role has been as receiver of the property of the EIF and overseeing the winding up of the EIF. The application I have made and this supporting affidavit seeks approval for remuneration in respect of work performed in relation to the EIF only.

The EPF

26. EL is also the manager of the Equititrust Premium Fund (**EPF**), which is an unregistered managed investment scheme. The Bank of Scotland International appointed receivers and Managers to the EPF on 21 February 2012. On or about July 2012 the securities held by BOSI were assigned to MS Asia Debt Acquisition Ltd 1767181 (a company registered in Hong Kong) (**MSA**). On 27 August 2012, MSA appointed Michael Richard Peldan and Christopher Richard Cook (jointly and severally) as receivers and managers pursuant to the securities.
27. I have not been appointed in any capacity to the EPF or its property.

Appointment of Voluntary Administrators and Receivers to EL

28. On Wednesday, 15 February 2012, Blair Pleash, Richard Albarran and Glen Oldham of the firm Hall Chadwick (the **administrators**) were appointed administrators of EL.
29. On Thursday, 16 February 2012, the National Australia Bank Ltd (**NAB**) appointed William Colwell and Greg Moloney of the firm Ferrier Hodgson (the **receivers**) receivers and managers of EL. This appointment was in respect of EL only, not in respect of the EIF or the EPCIF. The

Signed:

receivers remain appointed as receivers and managers of EL.

30. After the appointment of the administrators and the receivers to EL, I sought and obtained an order from this Honourable Court (with the consent of the then administrators and the receivers) which (without derogating from my appointment or my powers pursuant to the Orders of Justice Applegarth of 21 November 2011 and 23 November 2011) authorised me to *inter alia*:
- (a) take all steps necessary to ensure the realisation of property of the EIF held by EL as RE of the EIF, by exercising any legal right of EL as RE of the EIF in relation to the property of the EIF;
 - (b) bring, defend or maintain any proceedings on behalf of the EIF in the name of EL as is necessary for the winding up of the EIF in accordance with clause 9 of EIF's constitution; and
 - (c) take all steps necessary to effect the implementation of a NAB bank guarantee facility and the replacement of the existing bank guarantee facilities with the Commonwealth Bank.
31. Now produced and shown to me and marked "DW-5" is a true and correct copy of the Order of Justice Dalton dated 29 February 2012.
32. Subsequently, at the second meeting of creditors of EL, which was held on Friday 20 April 2012, the creditors of EL resolved that EL should be wound up and further resolved to appoint Blair Pleash, Richard Albarran and Glen Oldham (the **liquidators**) liquidators of EL. Glen Oldham ceased being a liquidator of EL on 17 July 2013. Mr Pleash and Mr Albarran remain appointed liquidators to EL.
33. Now produced and shown to me and marked "DW-6" is a true and correct copy of an historical company search of EL, which shows the appointment of the various insolvency practitioners to EL.

Conduct of the winding up of the EIF

34. By way of background, upon my appointment as receiver of the property of the EIF and as appointee under section 601NF(1) of the Act I reviewed the books and records of the EIF, met with the staff and senior management of EL, gathered information about the assets and liabilities of the EIF and took steps to ensure that EL put in place a strategy for the orderly winding up of the EIF.
35. In my role during the relevant period my staff and I undertook tasks which broadly fall within the following five categories:
- (a) Assets;
 - (b) Administration;
 - (c) Creditors;
 - (d) Trade On; and
 - (e) Investigation.
36. While my staff and I used the above categories to record time, certain items of work could have fallen within more than one of the categories. For example, communicating with investors could have been recorded under either Administration or Creditors. However, my staff and I only record

Signed:

each task once, and we only record the time for carrying out each task once.

37. As noted at paragraphs 6 to 10 above, I have already applied for and obtained orders fixing my remuneration for the periods 22 November 2011 to 31 August 2012, 1 September 2012 to 30 April 2013, 1 May 2013 to 31 October 2013, 1 November 2013 to 30 April 2014 and 1 May 2014 to 31 January 2015. This affidavit deals with the tasks undertaken for the relevant period 1 February 2015 to 30 September 2015. However, to the extent I have considered it necessary to refer to matters prior to 1 February 2015 in order to give context to the present claim for remuneration, I have done so.

Schedule of work performed during the period 1 February 2015 to 30 September 2015

38. Particulars of the work my staff and I performed during the relevant period 1 February 2015 to 30 September 2015 are summarised in the Schedule, which is now produced and shown to me and marked "DW-7".
39. The Schedule records:
- (a) a description of each task undertaken under each of the above categories;
 - (b) the name and position of the person who performed the task;
 - (c) the date the task was undertaken;
 - (d) the length of time it took; and
 - (e) the amount charged.
40. I have reviewed the Schedule on a line-by-line basis. From my knowledge of the work carried out in relation to the winding up and my supervision of the tasks undertaken, I am satisfied that the time recorded in the Schedule for each of the tasks is commensurate with what was required to be undertaken and that the records are accurate.
41. My staff and I record time on a daily basis. We enter our time in six-minute units, and we enter the details of the time spent and the description of the tasks undertaken in an electronic system. My staff and I review these time entries on a periodic basis.

BDO's charge out rates

42. Now produced and shown to me and marked "DW-8" is a true and correct copy of the following hourly charge out rates (which were applicable during the relevant period):
- (a) in respect of work undertaken by BDO Business Recovery & Insolvency (Qld) – hourly charge out rates for the 2014/2015 and 2015/2016 financial years;
 - (b) in respect of work undertaken by BDO Financial Management Consulting – hourly charge out rates for the 2014/2015 and 2015/2016 financial years.
43. The Partners of BDO Business Recovery & Insolvency (Qld) are members of the Australian Restructuring Insolvency and Turnaround Association (ARITA), and we follow the ARITA Code of Professional Practice for Insolvency Practitioners. In particular, I have followed the ARITA Code of Professional Practice in this receivership.
44. Now produced and shown to me and marked "DW-9" is a true and correct copy of Parts 14, 15 and 16 of the third edition of the ARITA Code of Professional Practice (which came into effect on 1 January 2014 and was amended on 18 August 2014) with respect to a practitioner's claim for

remuneration.

45. As to the hourly charge out rates for BDO, I can say from my own knowledge and experience that these rates are commensurate with what are charged by other insolvency practitioners and accountants and indeed are less than a number of our competitors' rates.

Utilisation of staff

46. In order to ensure efficiency of cost, time and resources, where possible during the course of the receivership I have delegated tasks to employees of BDO in order to ensure compliance with statutory obligations and for accounting and reporting purposes.
47. During the course of the receivership, in order to reduce costs, I terminated the employment of all EIF staff with the exception of one portfolio manager who I retained as a consultant to provide assistance where required from time to time.
48. I have supervised all the work carried out under delegation, to the extent required by each task. Due to the complexity of some of the issues involved in the winding up process I have had to be directly involved in a number of the tasks.

Complexity of the receivership

49. In order to further assist the Court, I set out in this affidavit an explanation as to why the tasks detailed in the Schedule were undertaken and why these tasks were necessary for the proper administration of the receivership of the EIF. Where I have considered it appropriate, I have also deposed to the background of the complexities and difficulties that have arisen during the course of the receivership of the EIF and in my role as appointee under section 601NF(1) of the Act.
50. For example, some of the main factors that have added to the complexity of the receivership (during the relevant period) include:
- (a) the fact there are 1,600 investors in the EIF, and the need to communicate with such a large number of investors;
 - (b) the number of legal disputes in relation to the properties the subject of securities held by EL as RE for the EIF;
 - (c) progressing complex legal proceedings; and
 - (d) making interim distributions to investors.
51. The tasks undertaken in respect of each category are discussed in further detail below.

Assets

52. The EIF is a "first mortgage fund", meaning that EL as RE for the EIF pooled the investors' funds and provided loans to third parties. As security for these loans, EL as RE for the EIF took (*inter alia*) mortgages over real property.
53. As stated above, all but one of these loans were in default at the time of my appointment. In the course of the receivership, EL as RE for the EIF has sought to recover the moneys owing by selling the real properties pursuant to the terms of the mortgages held by EL as RE for the EIF, including taking possession of the properties with the intention of selling the properties as mortgagee exercising power of sale or appointing receivers to realise the properties.
54. Prior to 1 February 2015 (being the commencement of the relevant period), all of the properties

Signed:

that were the subject of these loans in default had been sold. During the relevant period, as described in more detail below, my staff and I have continued to undertake tasks in respect of individual properties to recover monies owing to the EIF.

55. Further details as to the steps my staff and I undertook during the relevant period, and the reasons we undertook this work for individual properties, are set out further below.

Wirrina Cove, South Australia

56. By way of background, Wirrina Cove is located on the Fleurieu Peninsula in South Australia. It comprises a conference centre, restaurant, golf course, marina, caravan park, accommodation and both residential and undeveloped land.
57. The parcels of land at Wirrina Cove were owned or leased by ICA (South Australia) Pty Ltd (In Liquidation) (Receivers and Managers Appointed) (Controllers Appointed) (**ICA**).
58. Sunset Cove Developments Pty Ltd (now deregistered) borrowed funds from EL as RE of the EIF and (separately) from Wirrina Corporation Pty Ltd ACN 131 742 151 (**WC**) to develop and construct on the land at Wirrina Cove. ICA guaranteed these loans and provided mortgages over the land at Wirrina Cove to EL as RE of the EIF and to WC as security for these loans.
59. EL is the sole shareholder of WC, owning 100% of the shares in WC. EL holds the shares in WC in its capacity as RE for the EIF. Accordingly, the security WC held over the Wirrina Cove land was ultimately held for the benefit of the EIF.
60. EL incorporated WC and Marina St Vincent Management Pty Ltd (**MSV**) (a wholly owned subsidiary of WC) prior to my appointment for the purpose of operating the resort and marina.
61. The loans made by EL as RE of the EIF and by WC in respect of the land at Wirrina Cove represented a sizeable asset of the EIF as a whole.
62. When I was appointed, the loans from EL as RE of the EIF and WC to Sunset Cove Developments Pty Ltd were in default.

Background – asset sales

63. By way of background, WC and I engaged agents to sell the assets at Wirrina Cove on or about 6 September 2012. Both WC and EL as RE for the EIF undertook a joint expressions-of-interest campaign that closed on 19 December 2012.
64. The sales campaign was extensive, as the properties being sold comprised:
- (a) a marina head lease;
 - (b) approximately 100 individual under leases for marina berths;
 - (c) six undeveloped lots;
 - (d) 75 residential lots;
 - (e) a caravan park;
 - (f) a golf course; and
 - (g) the resort and conference centre at Wirrina Cove.

Signed: 

Taken by: 

65. The campaign resulted in approximately 500 enquiries, with 134 expressions of interest received.
66. I caused the acceptable expressions of interest received to be converted to contracts of sale, and negotiations with interested parties were also progressed.
67. An auction campaign was subsequently undertaken with respect to the resort, conference centre and golf course. The auction was held on 21 June 2013, at which time the property was passed in. Following the auction, I continued negotiations with interested parties and, ultimately, a contract of sale was entered into on or about 26 July 2013, which contract settled on 12 December 2013.

Sales of marina head lease and marina berths

68. On or about 10 October 2013 I caused a new auction campaign to be undertaken with respect to the remaining property at Wirrina Cove, which, at that time, comprised the marina head lease and the remaining marina berths. An auction for this remaining property was held on 7 November 2013.
69. Ultimately, a contract of sale was entered into with another purchaser for the sale of the marina head lease on 9 April 2014.
70. The marina head lease contract settled on 30 September 2014. This contract was subject to the head lessor, the Minister for Transport of Adelaide (SA), approving the transfer. This approval was granted on or about 1 September 2014.
71. Further, all the contracts of sale for the marina berths have settled.
72. Total gross realisations for the sale of the marina head lease, and the marina berths, total approximately \$1.627 million.

Sales of other properties

73. As to the other lots at Wirrina Cove:
- (a) all 75 residential lots have been sold;
 - (b) as set out in paragraph 67 above, the sale of the resort, conference centre and golf course settled on 12 December 2013; and
 - (c) there have also been additional settlements for the surrounding land at Wirrina Cove, including a caravan park and undeveloped land.
74. Gross realisations for the sale of these properties totalled approximately \$8,673,000.

Work undertaken in the relevant period

75. Following the sale of the real property assets, in the relevant period my staff and I have undertaken the following tasks in respect of the Wirrina Cove asset, including:
- (a) reviewing correspondence to RevenueSA regarding a land tax objection that I caused to be lodged in respect of the 2012/2013 financial year; and providing instructions to my solicitors, in relation to their consideration of the prospects of appealing RevenueSA's decision in relation to my land tax objection. By way of background, on or about 4 September 2014, the review valuer made a decision in respect of the applications for review lodged with the Valuer-General with respect to the 2012/2013 financial year. That resulted in a number of site values being reduced. However, as I was not satisfied with

Signed:

Taken by:

some of the decisions of the review valuer I engaged in correspondence with the Valuer-General in relation to the decisions of the review valuer. Following these discussions and my subsequent investigations into the process for appealing the decision of the review valuer, I determined that it was not commercial or in the interests of investors of the EIF to pursue an appeal of the decision. In my view, the application for a review of the site value of the allotments for the year 2012/2013 and the subsequent discussions with the Valuer-General in relation to the decision of the review valuer were necessary to protect the interest of the investors of the EIF in respect of the outstanding land tax that was owed, and to maximise the realisation of this asset for the benefit of the investors of the EIF;

- (b) reviewing correspondence regarding RevenueSA's decision regarding a land tax objection that I caused to be lodged in respect of the 2013/2014 financial year; providing instructions to my solicitors regarding RevenueSA's decision in relation to that objection. By way of background, the Valuer-General had made a decision on my objection which resulted in a reduction in the taxable site values for the financial year 2013/14 of approximately \$1.6 million, which resulted in an estimated land tax refund of approximately \$59,000. In my view, the objection to the assessment of the site value for the year 2013/2014 was necessary to protect the interest of the investors of the EIF in respect of the outstanding land tax that was owed, and to maximise the realisation of this asset for the benefit of the investors of the EIF;
- (c) liaising with WC and MSV regarding the audited marina outgoings, the final MYOB accounts, the outstanding debt due to the Australian Taxation Office, the deed of retirement of the receiver of the head lease and in relation to the members' voluntary liquidation of WC;
- (d) reviewing and considering WC's and MSV's income tax returns and BAS lodgements;
- (e) preparing business activity statements and income tax returns for the EIF for the financial years ending 2012, 2013, 2014 and 2015;
- (f) liaising with the controllers of ICA in relation to the execution and lodgement of ASIC forms;
- (g) liaising with the financial controllers of WC and MSV regarding BAS documentation, including providing consent to short notice being given to the EIF in respect of the members' voluntary liquidation of WC and MSV;
- (h) reviewing the final remuneration and distribution for the controller of ICA;
- (i) de-registering ICA for GST and PAYG as at 30 June 2015;
- (j) updating and reviewing the fixed asset register for the 2012/2013 financial year and 2013/2014 financial year for the purposes of completing the outstanding income tax returns for the EIF and WC; and
- (k) reviewing a creditor's statutory demand filed against WC and liaising with the directors of WC in relation to it.

- 77. This property is a partially prepared townhouse development site with a total area of approximately 2.092 hectares.

78. By way of background, I entered into a contract of sale for this property on 28 August 2012. Settlement of the sale of this property occurred on 15 August 2013.
79. In the relevant period my staff and I have continued to progress a claim against the valuer in relation to this asset.
80. For the purposes of this proceeding, in the relevant period my staff and I were required to undertake tasks, including:
- (a) liaising with my solicitors and providing ongoing instructions regarding the proceedings;
 - (b) reviewing orders made regarding the ongoing conduct of the proceedings;
 - (c) reviewing the books and records of the EIF for the purposes of disclosure in the proceedings;
 - (d) liaising with my solicitors regarding expert evidence;
 - (e) considering a request for particulars, and liaising with and providing instructions to my solicitors in respect of same;
 - (f) reviewing, analysing and compiling documents for inclusion in a brief to an expert;
 - (g) reviewing the brief to the expert;
 - (h) reviewing summaries of evidence;

 - (k) reviewing and considering the defendant's list of witnesses and witness statements;
 - (l) liaising with my solicitors in relation to a mediation, and providing instructions to my solicitors in preparation for the mediation;
 - (m) liaising with my solicitors regarding a proposed settlement; and
 - (n) preparing for, and attending at, the mediation.
81. This proceeding was settled at a mediation which took place on 15 July 2015.
- Lots 1 & 65 – 67 "Eagle Street Estate", Collingwood Park Drive, Collingwood Park, Queensland*
82. This property was provided as security for a loan provided by EL as RE for the EIF.
83. This is an englobo residential development site with a total area of approximately 77 hectares. The site has development approval for high-density housing (1,966 lots), a commercial component and over 30 hectares of open space.
84. By way of background, I caused a marketing campaign for this property to be conducted in September/October 2012.
85. A contract of sale was subsequently entered into on 13 August 2013. The contract settled on 5 May 2014.

- (a) liaising with my solicitors and providing ongoing instructions regarding the proceedings;
 - (b) reviewing orders made regarding the ongoing conduct of the proceedings;

 - (l) liaising with my solicitors in relation to a mediation, and providing instructions to my solicitors in preparation for the mediation;
 - (m) liaising with my solicitors regarding a proposed settlement; and
 - (n) preparing for, and attending at, the mediation.
88. These proceedings were settled at a mediation on 15 July 2015, along with the proceedings referred to at paragraphs 79 to 81 above as both proceedings were against the same defendant.

Windsor Turf Farm, Cornwallis Road, Windsor, New South Wales

89. This property is a turf farm, which includes eight individual allotments with a total area of approximately 100.32 hectares.
90. Prior to my appointment, EL as RE for the EIF had appointed a receiver to realise this security property, which is the subject of a mortgage held by EL as RE for the EIF.
91. By way of background, on 20 March 2014 I executed a contract of sale for the sale of the property (and the associated business) on behalf of EL as RE for the EIF as mortgagee. Settlement of this contract was effected on 22 May 2014.
92. During the relevant period I have continued to liaise with the appointed receiver regarding post settlement obligations and the finalisation of the receivership, and my staff and I have undertaken tasks including:

Signed:

Taken by:

- (a) receiving the report of the appointed receiver regarding finalisation of the receivership, and reviewing receipts and payments, legal fees and outstanding receiver's fees; and
- (b) considering a request for funding, and processing funding to the receiver to finalise post settlement obligations.

- (a) I, as receiver of the property of the EIF; and/or
- (b) EL as RE for the EIF;

are (or have been) involved in a number of proceedings in various jurisdictions (both in Queensland and elsewhere), which relate to:

- (c) the recovery of outstanding moneys owed to the EIF; and/or
- (d) protecting the security held by the EIF; and/or
- (e) protecting the interests of the EIF.

94. There are currently two such proceedings on foot:

- (a) one relates to a claim against a valuer in respect of a property located at Earlando Road, Cape Gloucester (Airlie Beach), Queensland;
- (b) the other is a claim against certain officers of EL.

95. Given the nature of these proceedings, while they are likely to take some time to resolve, I expect that realisations will be achieved for the benefit of investors of the EIF. Accordingly, in my view it was necessary for my staff and me to undertake work in order to recover funds for the benefit of investors of the EIF.

Other matters

96. During the relevant period my staff and I have also undertaken the following tasks, which have been recorded under the category "Assets":

- (a) in relation to an arrangement reached with the trustee in bankruptcy of a guarantor:
 - (i) liaising with my solicitors regarding the payment of funds to the EIF, pursuant to the arrangement I reached with the trustee in bankruptcy of a guarantor;
 - (ii) considering a response from the trustee in bankruptcy;
 - (iii) reviewing a report to creditors regarding the bankrupt estate and finalising the bankruptcy; and
 - (iv) reviewing MYOB accounts to verify the reimbursement of legal fees from the trustee in bankruptcy.

This matter has now been resolved with the bankruptcy trustee distributing \$2.08 million on 4 February 2015 to the EIF;

Signed:

Taken by:

- (b) reviewing a notice of meeting of the creditors of a bankrupt guarantor;
- (c) reviewing a verification statement in relation to the discharge of certain security;
- (d) in relation to potential claims that the EIF may have:
 - (i) considering potential claims on behalf of the EIF;
 - (ii) reviewing books and records of the EIF in relation to potential claims; and
 - (iii) liaising with the solicitors for the investors of the EIF regarding documents required for an existing and potential claims;
- (e) in relation to performance bonds the EIF provided as security for certain works it performed:
 - (i) reviewing correspondence received from the Council and the secured creditor regarding outstanding performance bonds;
 - (ii) reviewing the details of outstanding performance bonds;
 - (iii) liaising with Council regarding the return of outstanding bonds; and
 - (iv) attending settlement with Council in relation to outstanding performance bonds;
- (f) considering a request to consent to a lease in respect of a property over which a caveat is registered in favour of the EIF, and liaising with and providing instructions to my solicitors in respect of same; and
- (g) reviewing and signing consents to leases.

97. All of the tasks set out above, were, in my view, necessary for the proper administration of the receivership, in order to maximise realisations and recover funds for the benefit of investors of the EIF.

Administration

98. In my role, my staff and I have undertaken various tasks that can be described as falling within the category "Administration," and were recorded within this category.

99. In essence, the remuneration claimed under this category for the relevant period includes work my staff and I undertook that was necessary for the proper and efficient administration of the receivership, and to ensure proper accounts and records were maintained.

100. The main tasks my staff and I undertook in the relevant period are set out further below.

Maintaining and updating records relevant to the receivership

Background

101. By way of background, upon my appointment I became aware that there was a loan spreadsheet available in respect of the EIF. However, this loan spreadsheet did not provide all the relevant details for each of the loans made by the EIF and, in particular, did not include a summary of the security held for each loan, the strategies for realising the particular loan and the relevant details for insurance purposes. This form of spreadsheet was not appropriate for me to use as receiver of the EIF.

102. In light of this, I caused my staff to create a master spreadsheet containing a summary of the loans, the security held and other relevant details for insurance purposes. During the relevant period my staff has continued to maintain and update the master spreadsheet to monitor the realisation of securities and compliance with ASIC requirements (where EL is mortgagee in possession). My staff and I also use the spreadsheet for insurance purposes.
103. As noted at paragraphs 17 and 19 above, there were 29 separate loans made by the EIF that remained outstanding at the date of my appointment and which had to be recovered. Accordingly, in addition to the above work, my staff created separate MYOB accounting records for each relevant loan from the data collated.

Relevant period

104. In addition to the work referred to in paragraph 102 above, in the relevant period my staff has continued to maintain and input data to the MYOB records, in order to apply receipts and payments correctly to the respective loan accounts and for ASIC reporting purposes.
105. Further, in the relevant period, my staff and I have also continued to maintain and update the EIF's loan database and associated financial accounts in order to keep those financial records current, with a view to producing final accounts that are required to be audited on completion of the receivership.
106. In the relevant period, my staff and I have also been responsible for:
- (a) reviewing and reconciling invoices;
 - (b) updating cashbook entries; and
 - (c) reconciling the loan/bank accounts.

Applications for approval of remuneration

107. As discussed at paragraph 10 above, my application was heard on 5 March 2015 for approval of my remuneration for the period 1 May 2014 to 31 January 2015, being my fifth application for approval of my remuneration.
108. For the purposes of my fifth application (which was filed in this proceeding on 20 February 2015), my staff and I were required to undertake tasks including collation of time narrations that were exhibited to the affidavit I swore in support of my fifth application. I was also required to liaise with and provide instructions to my solicitors in respect of this application; in particular, in relation to the preparation of my supporting affidavit and in preparation for the hearing of the application.
109. By Order of Justice Martin dated 5 March 2015, the costs of and incidental to my fifth application were ordered to be part of the winding up and the receivership of the EIF and are to be paid out of the assets of the EIF.

ASIC

110. During the course of the receivership and as appointee pursuant to section 601NF (1), in the relevant period I have been required to consider and ensure adherence to ASIC requirements where EL as RE of the EIF was the mortgagee in possession of security properties. This has included undertaking the following tasks:
- (a) preparing the receipts and payment annexures for the statutory forms;

Signed: 

Taken by: 

- (b) preparing and reviewing statutory forms for lodgement with ASIC;
 - (c) lodging all statutory forms with ASIC on an on-going basis; and
 - (d) liaising with ASIC in respect of statutory lodgements.
111. As stated at paragraph 155 below, work undertaken in relation to preparing the receipts and payment annexures for the statutory forms and attending to the lodgement of the statutory forms may be recorded in this category, or in Trade On (discussed further below). However, time for carrying out each task has only been recorded once.

Payments

112. A further matter to which my staff and I have continued to attend in the course of the administration of the receivership in the relevant period is requests for payments.
113. In my role, during the relevant period, my staff and I have been required to consider, approve and process payments in respect of a multiplicity of matters involved with the receivership, including:
- (a) consultancy fees;
 - (b) legal fees;
 - (c) insurance costs;
 - (d) council rates, land tax and other statutory obligations; and
 - (e) sundry costs.
114. These tasks are, in my view, necessary for the proper and orderly conduct of the receivership.

Job management

115. In the relevant period, my staff and I have conducted internal meetings and discussions in order to discuss:
- (a) the progression of the job;
 - (b) efficient job administration and management;
 - (c) the appropriate response to investor communications; and
 - (d) other general day to day management.
116. Again, I consider that such tasks are necessary for the proper administration of the receivership.

Insurance

117. During the course of the receivership, I arranged to put in place open cover insurance through Blue Insolvency, which is now part of Arthur J. Gallagher. This is necessary to cover property and other general insurance risks.
118. During the relevant period, my staff and I have provided information to Arthur J. Gallagher on an ongoing basis, as required, both to maintain appropriate insurance cover and/or to effect the cancellation of same (where necessary).

Investor relations and communications

119. I refer to paragraph 144 below.
120. As stated therein, during the course of the receivership and in the relevant period my staff and I have attended to answering investor enquiries, and issuing investor communications to keep investors updated as to the status of the receivership, including the process of asset realisation being undertaken and the expected return to investors.
121. During the relevant period, my staff and I have also continued to:
- (a) maintain and update investor records with updated details as advised by investors;
 - (b) correspond with investors (and/or their solicitors or representatives) regarding the changes to their details, if required;
 - (c) scan and save such correspondence to the investor database; and
 - (d) maintain and update the investor database as necessary.
122. For the purposes of the investor communications, including my reports and letters to the investors, my staff and I have been required to:
- (a) collate all relevant material for these reports, including “work in progress” and remuneration reports;
 - (b) compile the reports; and
 - (c) attend to the issue of these reports to each investor.
123. I consider that these tasks are necessary to keep investors of the EIF properly informed as to the progress of the receivership and the winding up of the EIF.
124. Work undertaken in relation to communications with investors may be recorded in more than one category, that is, under Creditors and/or Administration. However, time for carrying out each task is only recorded once.

Second and Third Interim Distributions

125. During the relevant period my staff and I made the necessary arrangements to effect second and third interim distributions of 3 cents in the dollar per unit to investors.
126. In calculating the funds that were available for the distributions to investors, I was required to take into account the EIF’s secured creditors, land tax, rates, receiver’s fees and the unsecured creditors that remain outstanding, and the monies that I needed to retain in order to pay future liabilities that may arise.
127. The distributions were made in June 2015 and September 2015 and were paid into investors’ bank accounts, or were paid by cheque to the investors. Correspondence was also sent to each investor detailing the interim distributions.
128. In the relevant period, in order to effect the interim distributions to investors my staff and I were required to undertake tasks including:
- (a) liaising with investors regarding the timing and quantum of the interim distribution;

Signed: Taken by: 

- (b) considering distribution amounts and issues relating to a potential equalisation payment for certain investors, as well as the impact of the interim distribution on the units held by these investors. By way of background, the equalisation payment relates to investors who received either monthly or annual interest payments. Those investors who received monthly payments obtained an advantage over those who received annual interest payments for the last year that distributions were made due to the timing of the distributions made;
 - (c) liaising with the designers of certain computer software, to enable the distribution to take place;
 - (d) reconciling the interim distributions, and searching for and liaising with investors in relation to returned payments;
 - (e) considering manual payments required to be made by cheque in relation to the interim distribution (plus related correspondence); and
 - (f) liaising with investors regarding the payment received.
129. I consider that these tasks were necessary for the progress of the receivership and the winding up of the EIF.
130. As noted at paragraph 151 below, work undertaken in relation to the interim distribution to investors may be recorded in more than one category, that is, under Creditors and/or Administration. However, time for carrying out the task is only recorded once.

General

131. In addition to the specific matters listed above, my staff and I also continued to perform the following tasks in the relevant period:
- (a) considering and reviewing issues relating to claiming reduced GST input tax credits;
 - (b) liaising with the EIF's IT consultant;
 - (c) reviewing and attending to correspondence as required;
 - (d) maintaining an appropriate filing system and filing correspondence;
 - (e) reviewing and considering GST obligations and preparing, lodging and amending BAS returns for the months of October, November, December 2014 and January, February, March, April, May and June 2015;
 - (f) liaising with the Australian Taxation Office in respect of a discrepancy with a 2012 BAS;
 - (g) considering costs orders obtained in favour of the EIF; and
 - (h) archiving, reviewing, collating and retrieving (where appropriate) documents held by the EIF and third parties, for the purposes of ongoing matters involving the EIF.
132. I consider that each of these tasks was necessary for the proper administration of the receivership.

Creditors

133. In my role, my staff and I have undertaken various tasks that can be described as falling within the category "Creditors". In the relevant period, I have:

Signed:

Taken by:

- (a) considered, approved and corresponded with my solicitors regarding payment of legal fees;
- (b) processed payments for legal fees, disbursements, scheme expenses and distressed loan expenses;
- (c) reviewed and considered correspondence from my solicitors and Tucker SF Pty Ltd (a member of the EIF and one of the parties to the proceeding before Applegarth J, referred to at paragraphs 2 and 3 above), regarding the assessment of costs pursuant to the Orders;
- (d) corresponded with the relevant council and/or consultants regarding bank guarantees held as bonds for uncompleted works and attending to settlement in respect to same;
- (e) liaised with the receivers of EL regarding an outstanding bank guarantee held with National Australia Bank Limited;
- (f) corresponded with receivers appointed to MM Holdings Pty Ltd, regarding the repayment of a hardship distribution made to certain EIF investors;
- (g) considered outstanding claims between EL and the EIF, corresponded with the liquidators of EL regarding the potential for resolution of those outstanding claims, reviewed correspondence regarding the proposed resolution of claims and provided instructions to my solicitors regarding same;
- (h) considered correspondence from the receivers and managers of EL in respect of their claim for an indemnity from the EIF, liaised with my solicitors in relation to that claim, and provided instructions to my solicitors; and
- (i) liaised with and provided instructions to my solicitors in respect of the assessment of costs awarded to EL as RE for the EIF.

134. In addition to the above tasks, in the following paragraphs I depose to specific steps my staff and I undertook in the relevant period with respect to communicating with investors, and the reasons for such communications.

Communications with EIF investors

- 135. In my opinion, in the relevant period it was appropriate for me to continue to advise investors about what was currently occurring in relation to the operation and winding up of the EIF.
- 136. As stated above, during the course of the receivership and in the relevant period my staff and I have attended to answering investor enquiries, and issuing investor communications to keep investors updated as to the status of the receivership, including the process of asset realisation and the expected return to investors.
- 137. Between the date of my appointment and 1 February 2015, I had published twenty-two reports to investors on the EL website and the EIF website, updating investors regarding the ongoing winding up of the EIF.
- 138. In my twelfth report dated 18 April 2013, I advised investors that I would now issue reports every two to three months in an effort to minimise costs, and on the basis that the majority of the remaining properties were subject to contract.
- 139. During the relevant period, I have continued to publish reports to investors.
- 140. On 6 May 2015, I published my twenty-third report to investors on the EL website and the EIF

Signed:

website updating them as to the ongoing winding up of the EIF (**Twenty-third Report**). Now produced and shown to me and marked "DW-10" is a true and correct copy of the Twenty-third Report to investors. The matters stated in that report are, to my knowledge, true.

141. On 10 August 2015, I published my twenty-fourth report to investors on the EL website and the EIF website updating them as to the ongoing winding up of the EIF (**Twenty-fourth Report**). Now produced and shown to me and marked "DW-11" is a true and correct copy of the Twenty-fourth Report to investors. The matters stated in that report are, to my knowledge, true.
142. In each report, I also provided investors with a summary of:
- (a) the receipts and payments of the EIF;
 - (b) the realisation of the assets;
 - (c) the status of the legal proceedings;
 - (d) an updated estimate of the return to investors; and
 - (e) my remuneration.
143. During the relevant period my staff and I were required to undertake tasks for the purposes of reporting to investors, including:
- (a) drafting and reviewing the report to investors;
 - (b) preparing a schedule of receipts and payments in respect of the loan accounts;
 - (c) reconciling the cash at bank and the EIF account balances;
 - (d) preparing a table summarising my remuneration for inclusion in each report;
 - (e) updating the asset realisation summary;
 - (f) considering and calculating updated estimated return to investors; and
 - (g) preparing a breakdown of loan advances.
144. In addition to the reports to investors set out above, my staff and I have also been contacted by telephone, email, facsimile and post by investors regarding:
- (a) the status of the receivership and the winding up of the EIF;
 - (b) the transfer of units and the documentation required to effect same; and
 - (c) queries arising from the reports to investors regarding the receivership.
145. During the relevant period my staff and I have also liaised with the beneficiaries and/or trustees of deceased investors' estates in respect of the investor's unitholding in the EIF. Where appropriate we have liaised with the beneficiaries, trustees and/or their solicitors to effect a transfer of the unitholding at the request of the investor's estate. My staff and I were required to undertake tasks including considering the request for a transfer of units, reviewing the documentation provided in support of such requests, and processing such transfers.
146. In the relevant period my staff and I were also required to correspond with investors and scan and save such correspondence to the investor database, as well as maintain and update the investor

Signed:

Taken by:

database as necessary.

Second and Third Interim Distributions

147. I refer to my discussion of the interim distribution at paragraphs 125 to 129 above.
148. As a result of notice being given to investors in relation to the second and third interim distributions, my staff and I were required to address a number of queries from investors in relation to the second and third interim distributions and address a number of matters in order to effect the second and third interim distributions.
149. In particular, in the relevant period, my staff and I were required to undertake tasks including:
- (a) considering EIF books and records in relation to payments to investors for the purposes of making the second and third interim distributions;
 - (b) reviewing and considering further matters to be resolved for the purpose of making the second and third interim distributions, including the amounts owing to different classes of investors;
 - (c) reviewing and analysing the funds required to make the second and third interim distributions, and the funds I was required to maintain for the payment of contingent claims;
 - (d) reviewing, amending and issuing correspondence to investors regarding the second and third interim distributions;
 - (e) reviewing correspondence from investors with change of bank account details, for the purposes of making the second and third interim distributions;
 - (f) preparing for the payment of the second and third interim distributions through MYOB and the bank account; and
 - (g) liaising with a computer software provider regarding the distribution to investors by EFT.
150. I consider that these tasks were necessary for the progress of the receivership and the winding up of the EIF.
151. As noted at paragraph 130 above, work undertaken in relation to communications with investors may be recorded in more than one category, that is, under Creditors and/or Administration. However, time for carrying out the task is only recorded once.
152. I consider that all of the tasks set out above were necessary for the proper administration of the receivership in order to keep the investors properly informed as to the continuation of the winding up of the EIF, and to try to minimise the number of direct inquiries from investors requesting the same information.

Trade On

153. The remuneration claimed in this application includes work my staff and I undertook in respect of the administration of the receivership and in my role as overseeing the winding up of the EIF, which I would describe as "trade-on".
154. Generally, this "trade-on" work relates to work for the relevant period which is incidental to the receivership and the specific matters discussed within this affidavit, and includes:

Signed: 

Taken by: 

- (a) considering and approving expenses of the EIF;
- (b) preparing receipts and payments to accompany the lodgement of ASIC statutory forms;
- (c) reviewing cashflow forecasts;
- (d) the preparation and lodgement of Business Activity Statements for the months of October 2014, November 2014, December 2014, January 2015, February 2015, March 2015, April 2015, May 2015 and June 2015 including reviewing source documents;
- (e) reviewing and considering MYOB entries and cashbook entries;
- (f) reviewing insurance cover and invoices in respect of insurance cover, and authorising payments;
- (g) reconciling MYOB accounts;
- (h) updating and reconciling receipts and payments;
- (i) updating the EIF records (including records maintained on the loan management and finance databases) with details of loan transactions and receipts and payments;
- (j) reviewing and considering accounts payable; and
- (k) reviewing and approving payment of legal expenses and consultants' expenses.

155. Work undertaken in relation to "trade on" may be recorded in more than one category. For instance, work undertaken in relation to preparing the receipts and payment annexures for the statutory forms and attending to the lodgement of the statutory forms may be recorded in this category, or in Administration (as set out in paragraph 111 above). However, the work undertaken is only recorded once.
156. All of the tasks set out above, were, in my view, necessary for the proper administration of the receivership in order to maximise realisations and recover funds for the benefit of investors of the EIF.

Investigation

157. During the course of the receivership, and in my role, my staff and I have undertaken various tasks that can be described as falling within the category "Investigation."
158. In essence, the remuneration claimed in this application under this category for the relevant period includes the following work:
- (a) considering the terms of the insurance policy held by EL and notifications made in respect of potential claims under it;
 - (b) reviewing and collating documentation for the purposes of ongoing proceedings; and
 - (c) considering correspondence from, and liaising with, the solicitors for the liquidators of EL regarding their claim against the former directors of EL and the auditors of EL in so far as it relates to EL in its capacity as RE of the EIF and to assist in their prosecution of the claim. Any successful action is likely to result in a recovery for the benefit of the investors of the EIF.

Signed:

Taken by:

159. I consider that these tasks were necessary for the proper administration of the receivership of the EIF.

Write-offs

160. As stated at paragraph 41 above, my staff and I review time entries on a periodic basis. As a result of my review, in the relevant period, I have written-off work in the amount of \$5,628.00. This written-off time relates largely to additional administrative work my staff were required to undertake, and also includes work undertaken by my staff which I decided, in my role, was not appropriate to be included in this claim for remuneration.

Receipts and payments

161. Exhibit "DW-12" is a true and correct copy of a receipts and payments schedule for the period of my appointment to 30 September 2015.

Status of receivership

162. Since my appointment, I have caused 46 properties to be realised, with a total gross realisation of approximately \$59.26 million.

163. There are no more properties remaining to be sold.

164. Given the complexities involved with this receivership, I believe that the sum of \$356,952.20 inclusive of GST represents a fair and reasonable claim for remuneration, and that the work undertaken to which the remuneration relates was necessary for the proper conduct of the receivership pursuant to the Orders.

165. I respectfully request this Honourable Court to make orders that my remuneration for the period 1 February 2015 to 30 September 2015 be determined in the amount of \$356,952.20 inclusive of GST.

166. As the receivership is ongoing there will be a need for further applications for approval of remuneration. In particular:

- (a) two proceedings are still ongoing (see paragraph 94 above), with other proceedings still in contemplation; and
- (b) various tasks will need to continue to be undertaken in order for the winding up to be completed as required by the Court orders.

167. I estimate that it will take about 12 months to complete the necessary work to wind up the EIF.

ALL THE FACTS and circumstances above deposed to are within my own knowledge save such as are deposed to from information only and my means of knowledge and sources of information appear on the face of this my Affidavit.

- [1] On Monday, 21 November 2011 I made certain orders following a hearing which was held on short notice and in circumstances of urgency. These are my reasons for making those orders. The circumstances of urgency included the fact that two insurance policies covering officers of Equititrust Ltd (the company) were due to expire at 3.00 pm that day. They were unlikely to be renewed and alternative insurance could not be sourced. In those circumstances, the recently-appointed directors of the company were not prepared to remain on the board and proposed to resign shortly before 3.00 pm.

- [2] By an originating application filed on 15 November 2011 the company sought the following two orders:

- “1. The Equititrust Income Fund be wound up pursuant to section 601ND of the *Corporations Act* (Cth) 2001;
2. The Equititrust Priority Class Income Fund be wound up pursuant to section 601ND of the *Corporations Act* (Cth) 2001.”

It also sought an order pursuant to s 601FN of the *Corporations Act* (Cth) 2001 (“the Act”) that:

“Equititrust Limited be replaced as the Responsible Entity of the Equititrust Income Fund and the Equititrust Priority Class Income Fund (‘**Funds**’) by a temporary Responsible Entity, with that entity to wind-up the Funds and take steps to call a meeting of members to ratify its appointment”.

The company also sought an order pursuant to s 601NF that a committee consisting of Mr Jeff McDermid, Mr Paul Vincent and Mr Nick Combis be appointed to take responsibility for ensuring that the funds are wound up in accordance with their constitutions and that appropriate directions be made to effect that winding up.

- [3] Upon the hearing of the application the company initially sought only an order pursuant to s 601FN of the Act that it be replaced as the responsible entity of the two funds. However, it submitted that if I did not appoint a temporary responsible entity to replace it, I should order that the funds be wound up.
- [4] The Australian Securities and Investments Commission (ASIC) intervened in the proceeding and made an oral application for the appointment of a receiver to the funds pursuant to s 1101B of the Act.

The application for the appointment of a temporary responsible entity

- [5] There was a jurisdictional impediment to the making of an order under s 601FN for the appointment of a temporary responsible entity. That section entitles ASIC or a member of a registered scheme to apply to the Court for the appointment of a temporary responsible entity of a scheme under s 601FP if the scheme “does not have a responsible entity that meets the requirements of s 601FA”. Section 601FA requires the responsible entity of a registered scheme to be a public company that holds an Australian financial services licence authorising it to operate a managed investment scheme. At the time of the company’s application and at the time of the hearing it met both of these requirements. The fact that it was in breach of the terms of its financial services licence and faced the prospect of having that licence terminated or suspended did not alter the fact that it still held its licence.
- [6] This jurisdictional impediment was, in part, the result of the company seeking from ASIC and obtaining an adjournment until 22 November 2011 of a hearing to show cause why its licence should not be terminated.
- [7] Counsel for ASIC helpfully drew my attention to Regulation 5C.2.02 of the *Corporations Regulations* 2001 (Cth), although the company did not make any

application under that regulation. For the reasons given by ASIC, it is questionable whether that regulation provides a source of power for the Court to appoint a temporary responsible entity other than in the circumstances provided for in s 601FL or s 601FN.

- [8] In the result, the Court's power to appoint a temporary responsible entity upon an application under s 601FN was not invoked.
- [9] This makes it unnecessary to address the question of whether the appointment of a temporary responsible entity was in the interests of the members, and a contentious issue as to whether the replacement of the company by such an entity would result in a reconversion of subordinated units held by the company in its own right, and a decrease in the value of units held by other members.

The application under s 601ND to wind up the funds

- [10] The company submitted that if I did not appoint a temporary responsible entity to replace it as the responsible entity for each fund, then I should make the orders sought in paragraphs 1 and 2 of its originating application for each of the funds to be wound up pursuant to s 601ND. ASIC supported this application. So did a member of the Equititrust Income Fund, Tucker SF Pty Ltd. The only opposition to making orders under s 601ND came from seven members for whom Mr Martin SC and Mr Drew of counsel appeared. The basis for that opposition was to enable members to call a meeting and to vote upon a proposal to wind up the Income Fund pursuant to s 601NB of the Act.
- [11] It is necessary to outline certain factual matters by way of background to explain why I reached the conclusion that it was just and equitable to make an order directing the responsible entity to wind up each fund, and why I considered that such an order should be made promptly rather than delayed for some uncertain period to allow the members to vote on a resolution to wind up the Income Fund.
- [12] The company is the responsible entity of three managed schemes, two of which are registered. The third, being the Equititrust Premium Fund ("EPF"), is not registered and is not required to be registered under the Act. The two registered managed investment schemes are known as the Equititrust Income Fund ("EIF") and the Equititrust Priority Class Income Fund ("EPCIF"). The EIF has some 1,400 members and net assets in excess of \$100,000,000. The EPCIF has only five members, all apparently associated with the company's sole shareholder, Mr McIvor. EPCIF holds 13,636,478 units in the EPF.
- [13] As its name suggests, the EIF was intended to be an "income fund" which provided monthly interest payments on most investments and the redemption of capital. Where a member invests for a period of 12 months the entitlement to redemption arises on the anniversary of the allotment of units after a request is made to redeem. The fund no longer achieves its purposes. The fund has been frozen since October 2008 in that no redemptions of units have been permitted since then. Since April 2011 the fund has ceased paying interest to members.
- [14] The company was beset by discord between directors and the company's sole shareholder, Mr McIvor, during 2011. It is unnecessary to describe fully the nature of the discord. An application was brought by the superannuation fund of a former director, Mr Tucker, seeking an order for the winding up of the EIF. The

application was adjourned on the basis of certain undertakings, given by Mr McIvor to the Court, not to seek to appoint any new director or remove any existing director from the board of the company without giving notice to the existing board and to ASIC, and seeking leave of the Court. These undertakings were given on 27 October 2011 in circumstances in which the company had been placed in the hands of a newly appointed board of directors. The newly appointed board comprised Mr Paul Vincent, Mr Jeff McDermid, Mr Troy Bingham and Mr Warwick Powell. Mr Vincent is a Fellow of the Institute of Chartered Accountants, and has 30 years experience as a Chartered Accountant. He and his fellow directors familiarised themselves with the operations of the company and considered how the funds might best be wound up. The new board considered the best realisation strategies.

- [15] On 12 October 2011 a differently constituted board had unanimously resolved:
- (a) that Equititrust Limited as the responsible entity of the Equititrust Income Fund considers that the purpose of the Equititrust Income Fund cannot be accomplished (within the meaning of s 601NC(1) of the *Corporations Act*).
 - (b) that Equititrust Limited as responsible entity of the Equititrust Income Fund take steps to wind up the Equititrust Income Fund within the meaning of s 601NC(1) and in accordance with its constitution.
 - (c) that the chief executive officer prepare notices to give to members of the scheme and to ASIC in accordance with s 601NC(2) of the *Corporations Act*.

A similar resolution was passed the same day in respect of the EPCIF, namely that its purpose cannot be accomplished and that it should be wound up.

- [16] The new board would have preferred to continue with the process of winding up that had been instigated, being a process provided for under s 601NC of the Act. However, the expiry and non-renewal of insurance policies on 21 November 2011 prompted them to have the company apply for winding up orders pursuant to s 601ND.
- [17] Mr Vincent, in an affidavit sworn on 18 November 2011, assessed the approximate financial position of the company as at 31 October 2011 as follows:
- “a. ETL [Equititrust Ltd] has assets in its own right worth approximately \$26,498,000;
 - b. ETL has liabilities in its own right in the approximate sum of \$26,470,000;
 - c. ETL has assets that it holds for the EIF in the approximate sum of \$120 million;
 - d. ETL has liabilities in its capacity as responsible entity for the EIF in the approximate sum of \$9 million;
 - e. ETL has therefore net assets in the EIF in the approximate sum of \$111 million;

- f. ETL has liabilities in its capacity as Responsible Entity for EPF in the approximate sum of \$12.5 million;
- g. ETL has assets that it holds for the EPF of approximately \$13 million;
- h. ETL has therefore net assets in the EPF in the approximate sum of \$0.5 million.”

[18] The company has borrowings on its own behalf and also on behalf of the funds. The secured lenders include the Commonwealth Bank, the National Australia Bank and the Bank of Scotland International. The borrowings are secured by various real property mortgages and charges over assets of the company in its own right and also over assets of the funds. The total borrowings are approximately \$17 million, owed by EIF as to \$9 million and by EPF (the unregulated fund) as to \$8 million. The company’s assets and liabilities are more fully summarised in Mr Vincent’s affidavit sworn on 18 November 2011. That affidavit was supplemented by an affidavit sworn on 21 November 2011 which corrected paragraph 6 of the earlier affidavit by stating that the company in its capacity as responsible entity for the EPCIF holds 13,636,478 units in the EPF.

[19] Importantly for present purposes, according to Mr Vincent’s assessment the EIF has net assets of about \$111 million.

[20] Based upon his work as a director since his appointment, Mr Vincent was “clearly of the view that the Funds should be wound up”. His reasons were summarised as follows:

- “a. the Funds have been frozen since October 2008, in that no redemptions of units have been permitted since then;
- b. since April 2011, the Funds have ceased paying interest on the units to members of the Funds;
- c. the disharmony between Mr Tucker and Mr Kennedy on the one hand and Mr McIvor on the other hand over the past 12 months or so, as more fully described in the affidavits of Mr Tucker, Mr Kennedy and Mr McIvor filed in BS9534/2011, has destabilised the Funds to such a degree that it is extremely unlikely that the Funds could regain the possibility of resuming trading;
- d. the vast majority of the loans owed to ETL as responsible entity for the EIF are in default and require intensive management so as to maximise the value realisable from those loans;
- e. as indicated in paragraph 8 of my earlier affidavit, I have received widespread support from members for the winding up and no objections. I am aware of an indication, by correspondence from Piper Alderman as solicitors for a number of members who have mooted a potential class action against ETL and its former directors, that there may be some opposition

to the winding up, but I have not yet seen the details of any such opposition and am accordingly unable to comment on the reasons for such opposition; and

- f. against this background, it is clear to me that the purpose for which each of the EIF and EPCIF were established can not be accomplished.”

- [21] Mr Vincent and his fellow directors reached the conclusion that it is in the best interests of members of the EIF and the EPCIF that each fund be wound up forthwith.
- [22] It is unnecessary to canvass the board’s preference for the appointment of a temporary responsible entity pursuant to s 601FP to enable the winding up to proceed subject to oversight by a committee. Mr Vincent’s affidavit indicated that if a responsible entity was not able to be appointed to replace the company as the responsible entity by Monday, 21 November 2011, then the board recommended that an independent insolvency practitioner be appointed to wind up each fund in accordance with the provisions of its constitution.
- [23] The assessment by Mr Vincent and his fellow-directors of what is in the best interests of members of each fund was undertaken in difficult circumstances. I accepted the considered view of the new board that it was in the best interests of members of each fund that each fund be wound up forthwith.
- [24] As noted, the only opposition to such an order was advanced by counsel on behalf of a small number of members who, according to their Notice of Appearance, hold units in the EIF totalling \$2,433,743.11. Those members also obtained leave to file an application seeking a variety of orders including a declaration that certain notices given pursuant to s 601NC of the Act were invalid and an order pursuant to s 252E(1) of the Act that a meeting of the members of the EIF be called to consider and vote on an extraordinary resolution directing the responsible entity to wind up the EIF. I took into account the submissions made on behalf of these members as to the desirability of allowing the members to meet and consider a resolution to wind up the EIF. I was not in a position to make any assessment of the merit of a submission made by Mr Tucker to the effect that the opposition to an order to wind up the funds forthwith was to achieve some collateral advantage in connection with foreshadowed proceedings against the company and its former officers. I declined these members’ application to adjourn the company’s application and decided to make orders directing that each fund be wound up pursuant to s 601ND because such a course appeared to be in the best interests of members of the funds. Any advantage in allowing the members to vote on a resolution to wind up the EIF at a yet-to-be convened meeting at some uncertain future date was outweighed by the disadvantages associated with delaying orders for the winding up of each fund.
- [25] In addition to the matters supporting a winding up forthwith identified by Mr Vincent is the fact that the board intended to resign prior to 3.00 pm on Monday, 21 November 2011 in the event that the company was unable to obtain insurance coverage. Such a course would leave the company without directors unless and until Mr McIvor obtained a release from the undertakings given in relation to the appointment of directors. There is evidence from former directors of the company that Mr McIvor does not wish the company to properly pursue a winding up of the

funds. There was no proposal for directors who were independent of Mr McIvor to be appointed as directors. The task of winding up the funds, including the recovery of loans upon which there has been default, should be undertaken by an independent person who is appointed pursuant to s 601NF to take responsibility for ensuring that each fund is wound up in accordance with its constitution, and any orders made under subsection 601NF(2).

[26] Part 5C.9 of the Act creates a framework for the winding up of registered schemes. In general terms, a registered scheme may be wound up:

- (a) as required by the scheme's constitution pursuant to s 601NA;
- (b) at the direction of members after a members' meeting to consider and vote on an extraordinary resolution directing the responsible entity to wind up the scheme, as envisaged by s 601NB;
- (c) pursuant to s 601NC, if the scheme's purpose is either accomplished or cannot be accomplished after the responsible entity gives members of the scheme and ASIC the written notice provided for in s 601NC(2) and if no meeting is called within 28 days of the responsible entity giving the notice to the members;
- (d) pursuant to s 601ND, by order of the Court either on the ground that the Court thinks that it is just and equitable to make an order directing the responsible entity to wind up the scheme or because of an unsatisfied judgment against the responsible entity in its capacity as the scheme's responsible entity.

[27] The company resolved in accordance with s 601NC that the funds should be wound up. Winding up under s 601NC could not commence until 25 November 2011 at the earliest, being 28 days after certain notices were given to members. However, a number of members requested a meeting of members to consider the proposed winding up of the EIF and to vote on an extraordinary resolution directing that the fund be wound up pursuant to s 601NB of the Act.

[28] In short, the company's proposal that the funds be wound up pursuant to s 601NC had been overtaken by events, and such a winding up would not commence until some uncertain future date, depending upon the calling of a meeting and the validity of certain notices. A winding up at the direction of members in accordance with s 601NB could not commence until the calling of a members' meeting to consider and vote on such a resolution. The date upon which such a meeting would occur was uncertain and the pending resignation of directors made uncertain the means by which such a meeting would be held. All parties, including ASIC, appeared to agree that the funds should be wound up. I was not persuaded that there was any particular advantage to the members of the fund by a delay in the commencement of the winding up of the funds. The circumstances that had arisen by 21 November 2011 made it appropriate to direct that each fund be wound up forthwith.

[29] Section 601ND(1)(a) authorises the Court to order that the responsible entity of a registered scheme wind up the scheme if the Court thinks it is "just and equitable to make the order". The principles concerning the winding up of companies on the

just and equitable ground inform the application of this provision.¹ A registered scheme may be wound up on the just and equitable ground because the administration and original arrangement have broken down.² The Court may wind up a registered scheme on the just and equitable ground if it is in the public interest to do so.³

[30] The evidence before me, particularly Mr Vincent's evidence, and the parties' submissions persuaded me that it was just and equitable to make orders directing the applicant, as responsible entity, to wind up each fund. The principal reasons for that conclusion are those contained in Mr Vincent's affidavit and which I have earlier quoted. They may be summarised as follows:

- (a) The administration of the funds has broken down and the funds' purposes cannot be accomplished;
- (b) Repayments to investors have been frozen since October 2008 and the funds ceased making monthly interest payments to members on 1 April 2011;
- (c) Disharmony and disputes between members of the board of the company and Mr McIvor prior to the recent appointment of new board members destabilised the administration of the funds with the result that it is extremely unlikely that the funds could resume trading;
- (d) The vast majority of the loans owed to the company as responsible entity for the EIF are in default and require proper management so as to maximise the realisation of funds for the benefit of members;
- (e) The company is in breach of the conditions of its Australian financial services licence, including by a failure to lodge audited accounts, and the company was also likely to be in breach of the conditions of its licence upon the expiry of necessary insurance coverage;
- (f) The members of the recently appointed board were due to resign prior to 3.00 pm on 21 November 2011, whereupon the proper administration of the funds would be jeopardised;
- (g) The appointment of an independent person to take responsibility for ensuring that each fund is wound up in accordance with its constitution and any orders made under subsection 601NF(2) appears to be in the best interests of members of each fund;
- (h) The winding up of the EIF appears to have received widespread support from members, and no member contended that the funds should not be wound up.

[31] For these reasons, I made orders on the afternoon of Monday, 21 November 2011 pursuant to s 601ND of the Act that:

- (a) Equititrust Limited ACN 061 383 944 be directed to wind up the Equititrust Income Fund ARSN 089 079 854, established by Deed Poll dated 9 August 1999; and
- (b) Equititrust Limited ACN 061 383 944 be directed to wind up the Equititrust Priority Class Income Fund ARSN 089 079 729 established by Deed Poll dated 9 August 1999.

Appointment of a person to take responsibility for the winding up of the funds

[32] Section 601ND empowers the Court, by order, to direct the responsible entity to wind up the scheme. Section 601NE provides that the responsible entity must ensure that the scheme is wound up in accordance with its constitution and any orders under subsection 601NF(2) if, among other things, the Court makes an order directing it to wind up the scheme. Section 601NF provides:

“601NF Other orders about winding up

- (1) The Court may, by order, appoint a person to take responsibility for ensuring a registered scheme is wound up in accordance with its constitution and any orders under subsection (2) if the Court thinks it necessary to do so (including for the reason that the responsible entity has ceased to exist or is not properly discharging its obligations in relation to the winding up).
- (2) The Court may, by order, give directions about how a registered scheme is to be wound up if the Court thinks it necessary to do so (including for the reason that the provisions in the scheme’s constitution are inadequate or impracticable).
- (3) An order under subsection (1) or (2) may be made on the application of
 - (a) the responsible entity; or
 - (b) a director of the responsible entity; or
 - (c) a member of the scheme; or
 - (d) ASIC.”

[33] In the circumstances that presented themselves on 21 November 2011, including the jurisdictional impediment to the appointment of a temporary responsible entity pursuant to s 601FN and the pending resignation of recently appointed members of the company’s board, I considered it necessary to appoint a person to take responsibility for ensuring that each fund was wound up in accordance with its constitution and any orders made under subsection 601NF(2). No party argued against such a course. The pending resignation of the company’s directors made it necessary to appoint an independent person to take responsibility to wind up each fund. The parties accepted that an independent insolvency practitioner be appointed to wind up each fund. Different persons had indicated their preparedness to be

appointed. After hearing submissions I decided to appoint Mr David Whyte, who is an experienced insolvency practitioner.

Powers conferred by s 601NF

[34] Given the time constraints that applied in hearing the application and making appropriate orders on Monday, 21 November 2011, I was not in a position fully to consider that day the extent of the powers conferred upon Mr Whyte by virtue of his appointment to take responsibility for ensuring that each fund is wound up in accordance with its constitution, and the extent of the Court's power to make orders pursuant to s 601NF(2) to facilitate the performance of his responsibility to ensure that each fund is wound up in accordance with its constitution. Having heard submissions, my provisional view was that orders might be made pursuant to s 601NF(2) directing that Mr Whyte act as a receiver of the property held by the company as:

- (a) responsible entity of the EIF; and
- (b) responsible entity of the EPCIF

However, I deferred making any orders pursuant to s 601NF in this regard so that I might consider relevant authorities concerning the power to make such orders pursuant to s 601NF.

Appointment of a receiver pursuant to s 1101B of the Act

[35] Soon after the commencement of the hearing on 21 November 2011, ASIC made an oral application pursuant to s 1101B of the Act for an order appointing a receiver of the property of each fund. The evidence and submissions indicated that the company had contravened the Act and one condition of its Australian financial services licence, and that upon the expiry of its insurance coverage would have contravened another condition. In the circumstances that I have earlier related concerning the need to appoint a person to take responsibility for ensuring that the funds were wound up, and in the absence of a specific order that Mr Whyte act as a receiver of the property of each fund, I made an interim order under s 1101B appointing him:

- (a) a receiver of the property of EIF; and
- (b) a receiver of the property of EPCIF

until 4.00 pm on Wednesday, 23 November 2011 or further earlier order. I was satisfied that such an order would not unfairly prejudice any person, and that such an order was in the interests of the members of each fund.

Further orders

[36] I have now had an opportunity to consider whether in lieu of a further order pursuant to s 1101B, or in addition to an order made under that section, Mr Whyte should be ordered pursuant to s 601NF to act as a receiver of the property of each fund and whether an order should be made as to the powers which he has to act as receiver.

- [37] I have set out the text of s 601NF above. The exercise of the power to appoint a person to take responsibility for ensuring a registered scheme is wound up in accordance with its constitution and any orders made under subsection 601NF(2) may arise for consideration in a wide variety of circumstances. For example, the originating application in this matter envisaged the appointment pursuant to s 601NF of a capable and competent temporary responsible entity pursuant to s 601NF to wind up the funds and for a committee consisting of Mr McDermid, Mr Vincent and a partner of Mr Vincent to be appointed to s 601NF to oversee the winding up. In other circumstances a responsible entity will not exist or will not be capable of winding up the registered scheme under the oversight of a person appointed pursuant to s 601NF. Section 601NF(1) contemplates such situations. One such situation is where the responsible entity “has ceased to exist”. As ASIC submits, in such a case, unless a person appointed under s 601NF is empowered to deal with the assets of the scheme, that person will have no means to effect the winding up and the appointment would be rendered meaningless.
- [38] The terms of s 601NF(1) by which the Court may, by order, appoint a person “to take responsibility for ensuring” a registered scheme is wound up may be thought to necessarily carry with the appointment the authority to do such things as are necessary to wind up the registered scheme in accordance with its constitution and any orders made under subsection (2). McPherson SPJ (as his Honour then was) in *Re Crust ‘N’ Crumb Bakers (Wholesale) Pty Ltd*⁴ stated that:

“Winding up is a process that consists of collecting the assets, realising and reducing them to money, dealing with proofs of creditors by admitting or rejecting them, and distributing the net proceeds, after providing for costs and expenses, to the persons entitled.”

This statement has been approved by the Court of Appeal in *Mier v FN Management Pty Ltd*⁵ and by the Full Court of the Federal Court in *Joye v Beach Petroleum N.L.*⁶ Accordingly, an appointment pursuant to s 601NF may be said itself to authorise the appointed person to cause assets to be collected, realised and other steps taken so as to wind up the scheme in accordance with its constitution and any orders made under s 601NF(2). In general terms, the constitution of the EIF provides for the winding up to involve the conversion of the funds’ assets to money and, after the payment of debts, the payment to members in proportion to the amount of the members’ interests in the scheme.

- [39] Depending upon the circumstances of a particular case, the responsibility for ensuring that a registered scheme is wound up may involve the appointed person ensuring that the responsible entity undertakes these kind of tasks. In other circumstances, for example, because the responsible entity has ceased to exist or is incapable of doing these tasks, the appointed person may need to undertake them or engage someone else to do so.
- [40] The nature and extent of the powers which s 601NF confers upon an appointed person by virtue of his or her appointment is not clear from the terms of the statute. The matter is not clarified or illuminated by the Explanatory Memorandum to the

Managed Investments Bill 1997 (Cth) which simply stated in respect of proposed s 601NF (which is in identical terms to s 601NF as enacted) that:

“The Court may make other such orders as it sees fit.”

But the section, as enacted, is not in such simple terms. Instead, it provides for the appointment of a person pursuant to s 601NF(1), and goes on to provide that the Court may “by order” give directions about how a registered scheme is to be wound up if the Court thinks it necessary to do so. I note that subsection 601NF(2) is not simply a power to give directions.⁷ It contemplates the Court making orders, not simply directions. The orders that might be made under s 601NF(2) are not confined to directions about winding up the scheme in accordance with its constitution. The section does not specify all of the circumstances under which it may be necessary to give directions, but the circumstances include the fact that the provisions in the scheme’s constitution are inadequate or impracticable.

- [41] The terms of s 601NF might be contrasted with the terms of s 601EE(2) in respect of unregistered managed investment schemes. Section 601EE(2) provides in such a case that the Court may make “any orders it considers appropriate for the winding up of the scheme.”
- [42] In *Re Stacks Managed Investments Ltd*,⁸ White J compared s 601NF(2) with s 601EE(2) and considered the authorities in relation to s 601EE(2). Section 601EE(2) was said to empower the Court “to fashion the winding-up process.”⁹ By contrast, s 601NF(2) gave power to make directions about how a registered scheme is to be wound up, where the winding up may already be on foot and should be provided for by the scheme’s constitution.
- [43] In that matter the plaintiff wished to have insolvency practitioners appointed as persons to take responsibility for ensuring that the scheme was wound up. The plaintiff sought the conferral of a wide range of powers on such persons. These included the power to conduct examinations in the same way that liquidators of companies have those powers. White J observed that the plaintiff had adapted the provisions of the *Corporations Act* dealing with the winding up of companies to the circumstances of the scheme. The plaintiff contended that powers could be conferred on the responsible persons, obligations imposed on third parties, and rights of creditors restricted to bring the winding up of the scheme into line with the winding up of companies.¹⁰ His Honour observed that Part 5C.9 provides for the winding up of a registered scheme in accordance with its constitution and any order the Court might make under s 601NF(2). Where the scheme is a trust, what is envisaged by the winding up of a scheme is the realisation of its property, the payment by the responsible entity of liabilities incurred on behalf of the scheme or the retention by it of funds with which to meet its liabilities, the ascertainment of the members’ entitlements, and the distribution of the trust assets to the members in accordance with their entitlements.¹¹ The winding up of a trust was said to be quite a different thing from winding up a company, with the liquidation of a company being a matter governed by statute. His Honour observed that none of the detailed

provisions of the *Corporations Act* that relate to the liquidation of a company applied to the winding up of a scheme.

- [44] The facts of that case are materially different to this proceeding. The plaintiff in that case sought the appointment of registered liquidators to provide the expertise which the plaintiff did not have in handling administrations. White J observed that the responsible entity was entitled under s 601FB to appoint those persons as its agents, or otherwise engage those persons, to do what the plaintiff was authorised to do in connection with the scheme. There was no necessity for an order under s 601NF(1). His Honour observed that such an order might be necessary if the plaintiff were failing in its duty to wind up the scheme, but there was no suggestion of that.
- [45] As to the proper scope for orders to be made under s 601NF(2), White J noted that the power was limited to giving directions about “how a registered scheme is to be wound up”. It did not authorise the Court “to confer additional powers upon a responsible entity to which third parties would be made subject, or to interfere with the rights which third parties would otherwise enjoy.”¹² His Honour went on to conclude that Parliament deliberately did not apply the regime for the winding up of companies to the winding up of registered schemes and that he did not read the power to give directions in s 601NF(2) “in the wide way for which the plaintiff contends as, in effect, permitting the court, by order, to impose a new legislative regime on the winding up of a particular scheme, and thereby affecting the rights of and imposing duties on third parties.”¹³ I respectfully agree with these conclusions.
- [46] It is necessary, however, for me to consider whether s 601NF authorises the making of orders which are of a different kind.
- [47] In *Re Rubicon Asset Management Ltd*,¹⁴ McDougall J was likewise concerned with the scope of the power to make orders pursuant to s 601NF(2). The matter in issue was a direction that the costs of winding up be borne by the responsible entity. The power to give such a direction was found to exist. The direction was not one which would take away any right that a third party had, or would subject a third party to any form of compulsory process for production of documents or examination. The order sought by the plaintiffs in that case was made. McDougall J noted that in *Re Stacks Managed Investments* White J gave as an example of what was authorised by s 601NF(2) “the making of directions of a kind which would be made in an administration suit for the purpose of settling the entitlements of members”. McDougall J stated that White J was not intending to give an exhaustive account of the width of the statutory power. Like McDougall J and White J, I do not propose to canvass the full extent of the power to give directions under s 601NF(2). My present concern is whether s 601NF authorises the Court by order to give a direction about how a registered scheme is to be wound up by giving a direction that the person to take responsibility for ensuring that the registered scheme is wound up has the power to act as a receiver of the property held by the company as responsible entity of the fund.

- [48] In *Mier v FN Management Pty Ltd*¹⁵, Keane JA (as his Honour then was, and with whom McMurdo P and Douglas J agreed) was concerned with the power conferred by s 601EE(2) in relation to the getting in, realisation and distribution of the property of an unregistered managed investment scheme. Because the Act did not explicitly lay down a method for the winding up of an unregistered scheme, Keane JA stated that it must be assumed that, in general, the Court would be guided by analogies with the law relating to the winding up of companies, partnerships and trusts when deciding on the appropriate procedure for the winding up of a scheme. His Honour went on to observe that the best analogy might be thought to be the winding up procedure applicable to a registered scheme and continued:

“Unfortunately for present purposes, the Act, beyond directing that a registered scheme be wound up in accordance with its constitution, also **leaves the detail of the winding up of a registered scheme in the hands of the Court**, which may make such orders as it ‘thinks necessary to do so’.”¹⁶ (emphasis added)

- [49] In *Capelli v Shepard*¹⁷ the Victorian Court of Appeal made a passing comment in the context of a submission that the Court might give directions about whether the scheme property included certain trees. The Court did not think it appropriate to exercise the power under s 601NF(2) as suggested. Its first reason was that the question was not in terms raised in the appeal. Its second reason was that the Court was “not at all confident that a power such as this might be used to affect rights to property.” The Court observed that it “may be that ‘directions as to how a registered scheme is to be wound up’ are limited to procedural rather than substantive matters.” The Court did not develop this point or attempt to define the difference between procedural and substantive matters.
- [50] I am not concerned with an application of the kind that White J rejected in *Re Stacks Managed Investments Ltd*. The application does not seek an order that would give the person appointed pursuant to s 601NF(1) powers in relation to the property of third parties. The application does not seek to adapt and impose detailed provisions dealing with the winding up of companies to the circumstances of a registered scheme.
- [51] I am concerned with a question of whether s 601NF authorises the person who I have appointed to take responsibility for ensuring the funds are wound up to act as a receiver of the property of each fund. There may be doubt as to whether the appointment itself confers such a power. It may be thought necessary to make an order pursuant to s 601NF(2) directing the appointed person to act as receiver since such an order is one which gives directions about “how a registered scheme is to be wound up”. Such an order will be made only if the Court thinks it necessary to do so. For example, the occasion to make such an order may arise if the responsible entity is either unable or unwilling to wind up the scheme, or itself to appoint a person to collect the property of the scheme, realise it and otherwise undertake the winding up of the scheme in accordance with its constitution.
- [52] I am satisfied that in an appropriate case s 601NF(2) gives the Court power, by order, to give directions that the person appointed to take responsibility for ensuring

a registered scheme is wound up act as a receiver of the property of the scheme. The Court may exercise the power if it thinks it necessary to do so and one such circumstance might be if the property of the scheme was in jeopardy because the responsible entity was unable or unwilling to collect the property, realise it and do the other things necessary to wind up the scheme.

- [53] The present application is concerned with property that is held on trust. The person that I have appointed pursuant to s 601NF to take responsibility for ensuring that each fund is wound up in accordance with its constitution is required to ensure that a trust is wound up, but cannot necessarily rely upon the responsible entity itself to perform that task. In the analogous situation of a private trust in which trustees fail to get in trust property, a receiver may be appointed on the application of one of the trustees or of any beneficiary where the appointment is required for the safety of the trust property (the basis of the jurisdiction being the jeopardy of that property).¹⁸ The Court may appoint a receiver of trust property where that is necessary for the well-being of the trust.¹⁹ The Court will appoint a receiver of trust property where that property is in jeopardy through misconduct, waste, improper disposition, breach of a trustee's duty or the unsuitable character of the trustee.²⁰ The case in favour of appointment of a receiver must be a strong one but in assessing the risk to the trust the Court will apply a qualitative judgment.²¹ In my view, the exercise of the power conferred by s 601NF(2) to order that the person who has been appointed to take responsibility for ensuring that the registered scheme is wound up act as a receiver of the scheme's property should be exercised with a similar caution, and only where a strong case is made out for the need for such an order.
- [54] Having now had the opportunity to consider the authorities cited to me at the hearing on 21 November 2011, I consider that s 601NF(2) provides a source of power to make an order giving directions that Mr Whyte act as a receiver of the property of each fund.
- [55] On the morning of Wednesday, 23 November 2011, I heard submissions as to whether it is appropriate to extend Mr Whyte's appointment as a receiver pursuant to s 1101B and to make a similar order pursuant to s 601NF(2). I decided to make such orders and my reasons for doing so follow.
- [56] In this matter the Court has directed the responsible entity, namely the company, to wind up each scheme. In the circumstances earlier outlined, it was necessary to appoint an independent person to take responsibility for ensuring that each fund is wound up in accordance with its constitution and any orders made under subsection 601NF(2).
- [57] The appointment of a receiver of the property of each fund pursuant to s 1101B on ASIC's application and also pursuant to s 601NF(2) was supported by ASIC, and the members of the funds for whom Mr Martin SC and Mr Tucker respectively appeared. On this morning's hearing it was opposed by the company and by Mr McIvor for whom Mr Peden of Counsel appeared. Following the resignation of Mr

Vincent, Mr McDermid, Mr Bingham and Mr Powell at 2.50 pm on Monday, Mr McIvor as sole shareholder of the company appointed himself, his wife Ms Stacey McIvor and Mr Ross Honeyman as directors.

- [58] Whereas on Monday, 21 November, the company did not oppose the appointment of Mr Whyte as a receiver of the property of the funds, it now does so. Mr Peden submitted on its behalf and on behalf of Mr McIvor that there was no need to appoint Mr Whyte as a receiver pursuant to s 1101B(1) or s 601NF(2).
- [59] ASIC made submissions as to why there was such a need. ASIC's submissions were adopted by Mr Martin SC on behalf of the members he represents. Mr Tucker also supported Mr Whyte's appointment as a receiver for essentially the same reasons.
- [60] ASIC placed particular reliance upon the affidavits upon which it previously relied, and on its previous submissions in this proceeding and in proceeding BS9694 of 2011, being a proceeding which it brought against the company. In summary, ASIC submits that there is no dispute that the company is in breach of a condition of its Australian financial services licence—that it hold a minimum amount of net tangible assets (“NTA”)—and has breached provisions of the Act requiring the company to lodge audited financial reports for each fund and audited reports of its compliance with the compliance plans for both funds. The affidavit material upon which ASIC relies, particularly an affidavit of Ms Gentles, and ASIC's written submissions detail the circumstances of these breaches.
- [61] ASIC was sufficiently concerned by the company's breaches of its licence and breaches of sections of the Act that it issued a Notice of Hearing under s 915C of the Act requiring the company to show cause as to why its licence should not be cancelled. Prior to that hearing it brought proceedings against the company, as did Tucker SF Pty Ltd. The material upon which ASIC relied included the matters that I have earlier addressed, and also identified substantial concerns as to how the company operated or proposed to operate each fund, the instability of the company's board and Mr McIvor's ability to change the board of the company at any time and without notice.
- [62] The affidavit of Ms Gentles is a substantial document, and contains material which justified ASIC's concern that Mr McIvor may not deal with the assets of the EIF in the best interests of members. The material relied upon by ASIC that supported its concern in this regard included documents that recorded the concerns of the board of the company in September and October 2011 about Mr McIvor's conduct. This included the then board's view that Mr McIvor “was responsible for making all of the current problem loans”. It also included claims that he had demonstrated extremely poor judgment in recent times (evidenced by emails attached to an affidavit filed in proceedings brought against the company by a borrower that had acquired a unit in the EIF and commenced proceedings to wind up the company). It included the directors' view that Mr McIvor had continued to deal on an unauthorised basis with some borrowers. Mr McIvor was said to be in ongoing conflict with the board and senior management and to have made a series of threats against staff.
- [63] Exhibits to Ms Gentles's affidavit provided evidence from a former chairman, a former director and a former CEO of the company about the exercise by Mr McIvor

of his ability to change the company's personnel and directors without notice and without consultation.

- [64] ASIC sought relief in the proceedings that it brought against the company and submitted on that occasion that such relief was appropriate in circumstances where:
- (a) the company was, by its own admission, in breach of the NTA requirements imposed by its licence;
 - (b) the company had failed, despite specific requests by ASIC, to notify ASIC of its current NTA position;
 - (c) the company had failed to lodge audited financial reports allowing ASIC to make an assessment of its financial position;
 - (d) the company had breached provisions of the Act in failing to lodge audited financial reports and audited reports of its compliance with compliance plans for both funds;
 - (e) the board of the company had been in a state of upheaval, with Mr McIvor apparently focused on ways to develop the assets of EIF, rather than simply proceeding with an orderly winding up.

These matters were said to pose an increased risk that the company might seek to operate the EIF in a manner which was not in the best interests of members.

- [65] On 27 October 2011, Martin J made consent orders in relation to the operation of the EIF and the EPCIF on ASIC's application.
- [66] In the application brought by Tucker SF Pty Ltd there were many allegations of misconduct by Mr McIvor. Mr McIvor's affidavit sworn 26 October 2011 stated that in respect of Mr Tucker's numerous allegations against him:

"I am deliberately not responding to those allegations as I do not consider them relevant to the present application. My response to those matters will occur in the fullness of time. By not responding to them in this affidavit I should not be taken as accepting the correctness of what Mr Tucker has said."

I am not in a position to resolve the allegations made by Mr Tucker against Mr McIvor.

- [67] The concerns raised by ASIC include concerns based upon facts, about which there is no dispute, relating to the company's failure to comply with the conditions of its licence and the requirements of the Act.
- [68] Mr McIvor gave undertakings to the Court on 26 October 2011 that he would not appoint a new director to the board of the company, or remove a director or seek to remove a director from its board without giving seven days' notice to the existing board and to ASIC, and seeking the leave of the Court after expiry of that notice. He also gave an undertaking that he would not seek to interfere with the conduct of the board in its business and the discharge of its responsibilities on the basis that it was clear that he was entitled to put properly documented proposals before the

board for its consideration. Mr McIvor stated that he gave these undertakings to “safeguard any concerns which may be held regarding the independence of the Board and Board members being subject to influence”.

[69] Following the resignation of the directors on Monday, I released Mr McIvor from these undertakings so that the company would have directors. There is no indication that Mr McIvor will not remain a director of the company. There is no indication that he intends to resign as a director and replace himself with other directors who are clearly independent of him. There is no evidence that independent directors would be prepared to assume such a role, and with the expiry of relevant insurance policies there is every reason to suppose that independent directors would not be willing to accept appointment in the absence of the kind of insurance cover that Mr Vincent and his fellow directors were unable to obtain.

[70] The matters raised by ASIC in the proceedings commenced by it, and also in these proceedings, raise serious concerns about the ability of the company while it remains under Mr McIvor’s control, and while he remains a director:

- (a) to operate each fund in a manner that will comply with the Act and the conditions of its Australian financial services licence; and
- (b) to act in a manner which is in the best interests of the members of each fund.

I am not persuaded that the company will wind up the funds in a manner that is in the best interests of their members. On the contrary, the matters relied upon by ASIC and the members who support the appointment of Mr Whyte as a receiver raise a strong case that the appointment of a receiver is necessary to ensure that each scheme is wound up in accordance with its constitution and any orders made under subsection 601NF(1).

[71] Whereas the company on Monday did not oppose the making of orders for the appointment of a receiver, it now submits that such an appointment is premature and unfairly prejudicial to the interests of members. It and Mr McIvor submit that I should not assume that there will be problems in the orderly conduct of the winding up that I have ordered, that the company should be given the opportunity to wind up each scheme in accordance with its constitution and that Mr Whyte should only be appointed as a receiver if and when problems arise. They submit that it is not in the interests of members for Mr Whyte as receiver to assert control over the property of the funds and that the property of the funds should be left in the control of the company as a responsible entity, subject to the responsibility that Mr Whyte has by virtue of his appointment pursuant to s 601NF to take responsibility for ensuring that each scheme is wound up in accordance with its constitution.

[72] I do not accept this submission. I conclude that the best interests of most members of the funds, and the winding up of each scheme in accordance with its constitution, will be served by the appointment of Mr Whyte as a receiver. Such an appointment will avoid confusion and possible disputes over the control of property. Placing the property of the funds under the control of Mr Whyte as a receiver is likely to facilitate its realisation and the winding up of each fund for the benefit of its members. The appointment of Mr Whyte as receiver does not preclude him from having employees of the company (past, present and future) undertake tasks that are required to wind up each fund. As I mentioned more than once during the course of

argument, the best interests of members would appear to be served by relying upon the knowledge, skill and experience of persons who are familiar with the company's affairs, including persons who have taken steps to realise its property in the best interests of members. I am not, however, persuaded that the property of each fund should be left under the control of the company, subject only to the oversight of Mr Whyte by virtue of an appointment under s 601NF(1). The company's history of non-compliance with its statutory obligations, breaches of the conditions of its licence and the evidence pointed to by ASIC in relation to Mr McIvor present a strong case for the appointment of a receiver of each fund's property. The orderly conduct of the winding up of each fund will be facilitated by clarification of the fact that Mr Whyte is not only responsible for ensuring that each scheme is wound up in accordance with its constitution and any orders under subsection 601NF(2), but that he has the power to do so, including the power of a receiver to take control of the property to which he has been appointed receiver and to deal with that property in a way that facilitates the winding up of each fund in a manner, and within a timeframe, that realises the property of each fund in the best interests of members.

- [73] I am not satisfied that Mr Whyte will be able to ensure that each fund is wound up in a timely, efficient and cost-effective manner unless he is appointed as a receiver of the property of each fund. I consider that it is in the interests of the members that the property of the funds be under his control.
- [74] In general, the circumstances that made it necessary to appoint an independent person to take responsibility for ensuring that each fund is wound up in accordance with its constitution and any orders made under s 601NF(2) also persuade me that it is in the best interests of each fund that the same person be appointed as receiver of its property. I am persuaded that the appointment of a receiver is necessary for the well-being of the property which is held on trust by the company, and to ensure that the winding up of each fund occurs in accordance with its constitution and any orders made under s 601NF(2).
- [75] Mr Peden also submitted that I should not appoint Mr Whyte as a receiver because such an order would cut across the legislative framework governing the winding up of a registered scheme. I do not agree with that submission.
- [76] First, insofar as an appointment as receiver pursuant to s 1101B(1) is concerned, the company's contravention of the Act and its contravention of conditions of its Australian financial services licence justify the appointment of a receiver in the circumstances. There is nothing inconsistent with the legislative framework for the winding up of a registered scheme in exercising a power conferred under s 1101B. Such an order may aid the winding up of a registered scheme.
- [77] Secondly, I do not consider that the legislative framework of Part 5C.9 precludes the appointment of a receiver pursuant to s 601NF(2) if it is necessary to do so. I have concluded in the circumstances of this matter that an order giving a direction that Mr Whyte be appointed as receiver of the property is necessary.
- [78] I raised during argument the issue of whether it was necessary for Mr Whyte to be appointed as a receiver pursuant to s 1101B(1) and also pursuant to s 601NF(2) of the Act. However, the parties supporting his appointment favoured such a course, and I intend to make such orders. To the extent that there may be some doubt concerning the extent of the Court's power to appoint a receiver pursuant to

s 601NF(2), I consider that the best interests of the members will be protected by making an order under s 1101B(1) of the Act. Even with an appointment as receiver under s 1101B(1), I think that it is necessary also to appoint Mr Whyte as a receiver pursuant to s 601NF(2). Such an appointment makes clear that one source of his power to act as receiver is s 601NF. It is appropriate that, in carrying out his responsibility for ensuring that the registered scheme is wound up in accordance with its constitution, he have powers that are sourced in the section of the Act that imposes that responsibility. Further, the possibility exists that in the future the Court may rescind or vary the order made under s 1101B, or suspend its operation, pursuant to s 1101B(11). If that occurs Mr Whyte should continue to have the powers and responsibilities associated with appointment as a receiver pursuant to s 601NF(2).

- [79] Mr Whyte's appointment as receiver should not be perceived to be based solely upon the contraventions by the company which attract the operation of s 1101B. It should be clear that Mr Whyte is also being appointed a receiver of the property of each fund because such an appointment is thought necessary to facilitate the performance of his responsibility for ensuring that each scheme is wound up in accordance with its constitution. The winding up of each fund will be facilitated by an order that indicates that one purpose of the appointment of Mr Whyte as receiver of the property of each fund is to facilitate the fund being wound up in accordance with its constitution. Mr Whyte, in discharging his responsibilities which arise by virtue of his appointment under s 601NF(1), will have the power to receive the property of each fund, and the directors of the company, its employees and third parties should understand that a source of the power which he is given to facilitate the responsibility imposed upon him by s 601NF(1) is s 601NF(2). He should have the power of a receiver and the order should state that one source of that power is an order made under s 601NF(2).
- [80] If I had acceded to the submissions made by the company and Mr McIvor this morning and not appointed Mr Whyte as a receiver, then there would have been scope for dispute and disagreement between Mr Whyte and individuals in control of the company, including Mr McIvor, concerning the control of the property of each fund. I consider that the appointment of Mr Whyte as a receiver will reduce the scope for such disputes.
- [81] In short, an order pursuant to s 601NF(2) directing that Mr Whyte be appointed as a receiver of the property of the EIF and a receiver of the property of the EPCIF is in the best interests of members and is necessary to facilitate the winding up of each fund.
- [82] A copy of the orders made by me on 21 November 2011 and a copy of the orders made by me today are set out as annexures to these reasons.

If a Member does not lodge a Withdrawal Request Form within the time prescribed by this clause 11, then the Member's next Withdrawal Date will be 2 December 2001 or if this is not a Business Day, the next Business Day thereafter.
- (b) A Member or a Member's duly authorised agent approved by the Manager, must at least 30 days before the Withdrawal Date give the Manager a Withdrawal Request Form specifying the number of Interests to be redeemed and such notice is to be accompanied by the relevant Certificates (if any).

The date the Members Interests are redeemed by the Manager pursuant to this clause is the Redemption Date for that Member.
- (d) Subject to the Manager's rights under clause 11.7, the days and times specified in clauses 11.1 and 11.2 may be varied upon not less than 60 days' notice to Members.
- (e) Notwithstanding this clause 11.1, the Manager may at its discretion allow the Member to withdraw from the Scheme all or part of the Member's funds at any time, in accordance with clause 11.18.

11.2 Access and 7 day call Investment Interests

- (a) Pursuant to clause 2.6 the Manager has created a separate class of Interests referred to as the Access Investment Interests and the 7 day call Investment Interests. Members who hold Interests of these classes, may lodge a Withdrawal Request Form with the Manager at any time they wish their Interest to be redeemed by the Manager on behalf of the Scheme.
- (b) From the date of this amendment 7 day call Investment Interests will thereafter be called and also referred to in this Constitution, as Access Investment Interests. The redemption provisions applying to Access Investment Interests apply equally to 7 day call Investment Interests.
- (c) Subject to the following provisions of this clause 11.2 and the existence of a Delay Event the Manager will generally redeem an Access Investment Interest within 7 days of receipt of that Members Withdrawal Request Form with respect to that Access Investment Interest. However, the Manager has up to 180 days from receipt of the Withdrawal Request Form, to redeem that Access Investment Interest and pay the Redemption Amount to the holder of the Access Investment Interest.
- (d) The date upon which the Manager redeems the Access Investment Interest in accordance with clause 11.2, will be the Redemption Date for that Access Investment Interests.

11.3 Extension of Redemption Date

- (a) Notwithstanding clauses 11.1(c) and 11.2, in the circumstances of a Delay Event the Manager must redeem Interests within 360 days of receiving a valid Withdrawal Request Form. Nothing in this clause 11.3 prohibits the Manager from redeeming Interests within these maximum timeframes.
- (b) The Manager is not required to process a redemption request where:
 - (i) the provisions of this Constitution relating to appropriate evidence of title have not been satisfied; or
 - (ii) the redemption would cause the Members Interests to fall below any minimum investment balance, as disclosed in the Prospectus.
- (c) The date the Manager redeems the Members Interests as provided in this clause 11.3 is the Redemption Date.
- (d) In satisfying redemption requests the Manager must treat all Members of the same class equally and as between classes fairly. Where the Manager holds more than one valid Withdrawal Request Form of the same class, it shall process them in order of receipt.

11.4 Suspension by Manager

The Manager may suspend the redemption of Interests for such period as it determines where it is impractical to calculate the Redemption Price due to:

- (a) the closure of a securities exchange or trading restrictions on a securities exchange;
- (b) an emergency or other state of affairs;
- (c) the declaration of a moratorium in a country where the Scheme has investments;
- (d) a closure of or restrictions on trading in the relevant foreign exchange market; or
- (e) the realisation of investments not being able to be effected at prices which would be realised if investments were realised in an orderly fashion over a reasonable period in a stable market.

No suspension may exceed 30 days unless a longer period is permitted by the Manager having regard to the circumstances. All outstanding redemptions with Redemption Dates which fall within that period of suspension and any Withdrawal Request Form received while the redemption of Interests is suspended, shall be reactivated with effect from the first Business Day after the suspension ceases.

11.5 Other suspension of redemption obligation

The Manager is not obliged to cause the redemption of Interests in the Scheme in any of the following circumstances:

- (a) the person making the request holds more than the Minimum Redemption Amount in the Scheme and the request relates to less than the Minimum Redemption Amount; or
- (b) carrying out the redemption will result in the person making the request holding less than the Minimum Redemption Amount in the Scheme; or
- (c) the request is made:
 - (i) after any notice convening a meeting of Members to vote on whether to wind up the Scheme has been sent by the Manager and before those eligible to vote have so voted; or
 - (ii) while the Scheme is being lawfully wound up, whether pursuant to a resolution to wind up the Scheme or in accordance with the Constitution or otherwise;

The Manager will remain entitled in its absolute discretion to or cause the redemption of Interests in accordance with clause 11.1 in the above circumstances.

11.6 Staggering of Redemption Dates

Despite any provision of this Constitution, the Manager may determine more than one Redemption Date for Interests to be redeemed pursuant to a Withdrawal Request Form and such Interests will be redeemed over those days in such proportions as the Manager determines, provided that all such Interests are redeemed within the time specified in clause 11.1.

11.7 Funding of redemption

To fund the redemption of Interests out of the Scheme, the Manager may apply or realise part of the Assets, and/or raise or borrow money, either unsecured or secured against Assets.

11.8 Time for Payment of Redemption Amount

The Manager will pay or cause to be paid to the Member the Redemption Amount in respect of any Interests within 90 days of the Redemption Date.

11.9 Resale and redemption of Interests by Manager

Where the Manager holds Interests for its own benefit, it may redeem those Interests out of the Scheme. This clause 11 will apply, with the necessary changes, to that redemption.

11.10 Cancellation of Interests

Interests which have been redeemed out of the Scheme will be cancelled and the Manager will record the cancellation in the Register.

11.11 Transfer of specific assets

The Manager may determine that the Redemption Amount will be satisfied wholly or in part by the transfer of investments of the Scheme at their Market Value. Expenses incurred in respect of the transfer must be paid by the Member.

11.12 Compulsory redemption of small holdings

If the Redemption Price of all Interests in the Scheme held by a Member is less than the Minimum Redemption Amount, the Manager may compulsorily redeem those Interests.

11.13 Components of Redemption Price and payment of accrued distributions

- (a) Unless the Manager otherwise notifies a Member whose Interests are redeemed, the Redemption Price paid to that Member will comprise capital only. The Manager may notify a Member that the Redemption Price comprises part capital and part Income. Where the Redemption Price paid to a Member comprises Income and capital, the Member will be presently entitled (within the meaning of the Tax Act) to the Income component and the Manager must notify the Member of the Income component of the Redemption Price paid to them. This notice may be given at the time of redemption but must in any case be given within 3 months of the end of the Financial Year of the Scheme in which the redemption occurs.
- (b) Where an Interest is redeemed after a right to a distribution, whether income or capital, has accrued in respect of that Interest, that distribution may be paid to the holder of the Interest at the time of payment of the applicable Redemption Price notwithstanding that the distribution has not been paid at that time to holders of other Interests.

11.14 No required disposal

A Member is not required to dispose of its Interests except as otherwise provided in this Constitution and the Corporations Law.

11.15 Early Redemption

Notwithstanding anything else contained in this clause 11:

- (a) A Member shall have no right of withdrawal during any period of twelve months following the application of funds by that Member other than as provided in clause 11.1.

- (b) Notwithstanding the foregoing, the Manager may at its complete discretion allow a Member to withdraw during the first six months following acceptance by the Manager of the Member's Application or during the first six months of any annual anniversary of a Member's Investment. In such circumstances, the Manager may charge the Member an early withdrawal fee as disclosed to the Member at the time of the request. In such circumstances the Redemption Date for the Member will be the date nominated by the Manager.
- (c) Notwithstanding the foregoing, the Manager may at its complete discretion allow a Member to withdraw during a period not otherwise provided in clause 11.11.15(a) or 11.15(b). In such circumstances, the Manager may charge the Member an early withdrawal fee as disclosed in the Prospectus. The Redemption Date for the Member in those circumstances shall be the date the Manager receives from the Member the Withdrawal Request Form.

11.16 Liquidity Protection Rules

Notwithstanding any provision in this clause 11, the Manager may withhold or suspend payment to a Member or Members of a Redemption Amount or Redemption Amounts payable and/or withhold or suspend for further processing, any Withdrawal Request Forms then on hand if:

- (a) The Manager in any 30 day period receives Withdrawal Request Forms from a Member or Members where the Redemption Amount or Redemption Amounts is equal to or greater than 5% of the total value of the Assets of the Scheme; or
- (b) During a period of 10 consecutive days falling within a 90 day period, the Scheme's cash reserves are less than 5% of the total value of the Assets of the Scheme.
In these circumstances, the Manager may refuse to accept any new Withdrawal Request Forms and may refuse to accept any new Applications for such period not exceeding 12 months as may be required to realise, in an orderly manner, the Assets of the Scheme.

11.17 Additional Investments

- (a) Notwithstanding any other provision of clause 11, the Manager may (at its discretion) allow a Member to invest additional amounts to their 12 month investment for up to 30 days from the date their initial investment is accepted by the Manager and Interests issued. Where this occurs the Redemption Date for both the initial Interest and subsequent Interests will be the 12 month anniversary of the issue of the initial Interests. For example, the Member invests \$20,000 on 1 February 2006 and acquired 20,000 Interests (assuming the Issue Price is \$1.00 per Interest), and the Member (with the consent of the Manager) contributes a further \$15,000 and is issued 15,000 Interests on 25 February 2006 (assuming the Issue Price is \$1.00 per Interest). In this circumstance the Redemption Date (assuming the Member has lodged a valid Redemption Withdrawal Request Form) of all the Members Interest is 31 January 2007.
- (b) The Manager (at its discretion) may also allow Members to add to their 12 month investment during the 30 days prior to their Redemption Date. In this instance such an additional investment will constitute the early termination of their initial investment with both their initial and subsequent investments being deemed to be reinvested for a further full 12 months. For example, the Member invests \$20,000 on 1 February 2006 and is issued 20,000 Interests (assuming the Issue Price is \$1.00 per Interest). On 25 January 2007 the Member advises the manager that the Member wishes to invest an additional \$15,000 in the Scheme as an additional investment to their original investment and not as a new investment. Then with the consent of the Manager, the original Interests of the Member are redeemed by the Manager on the Redemption Date nominated by the Manager (which for the purpose of this example is 25 January 2007), and (assuming the then Redemption Price and Issue Price of Interests is \$1.00 per Interest) 35,000 new Interest are issued by the Manager on 25 January 2007 with a new Redemption Date of 24 January 2008.

- (c) Notwithstanding any other provision in this Constitution, the Manager in exercising its discretion in this clause 11 or as otherwise contained in the Constitution:
- (i) must do so in accordance with its obligations under the Corporations Act 2001; and
 - (ii) nothing in any way obliges or requires the Manager to exercise its discretion in favour of the Member or redeem the Members Interests before their original Redemption Date.

11.18 Early Redemption

Notwithstanding anything else contained in this clause 11:

- (a) A Member who invests pursuant to clause 11.1 shall have no right of withdrawal during any period of twelve months following the application of funds by that Member other than as provided in clause 11.1.
- (b) Notwithstanding the foregoing, the Manager may at its complete discretion allow a Member to withdraw during the first six months following acceptance by the Manager of the Member's Application or during the first six months of any annual anniversary of a Member's Investment. In such circumstances, the Manager may charge the Member an early withdrawal fee as disclosed to the Member at the time of the request. In such circumstances the day the Manager allows the Member to withdraw early will be the Withdrawal Date (as provided in clause 11.1) and the process and timing of the withdrawal will be undertaken in the manner provided in clauses 11.1.
- (c) Notwithstanding the foregoing, the Manager may at its complete discretion allow a Member to withdraw during a period not otherwise provided in clauses 11.1 or 11.2. In such circumstances the day the Manager allows the Member to withdraw early will be the Withdrawal Date (as provided in clause 11.1) and the process and timing of the withdrawal will be undertaken in the manner provided in clause 11.1.

11.19 Redemption Price Adjustment

Where the Manager calculates the Redemption Price of an Interest, and the Redemption Price is less than \$1.00 per Interest the following will apply:

A = the Current Value of the Scheme

B = the total number of Issued Interests

C = the total number of Subordinated Issued Interests

$$A/(B-C) = D$$

$$D - \$1.00 = E$$

If E is zero or a negative number then the Redemption Price of Interests which are not Subordinated Interests will be D and the Redemption Price of Subordinated Interests will be nil.

If E is a positive number then the Redemption Price of Interests which are not Subordinated Interests will equal \$1.00 and the Redemption Price of Subordinated Interests will be H, calculated as:

$$(B-C) \times \$1.00 = F$$

$$A - F = G$$

$$G / \text{total number of Subordinated Issued Interests} = H.$$
